ACKNOWLEDGMENTS

Through the dedicated efforts of many persons, the following report presents the data from the 1991-92 *Administrative Compensation Survey*. This annual survey report, with its continuous refinements, has become an increasingly useful tool for the higher education community, fulfilling the promise of the Board of Directors to provide administrative salary data consistent with the needs of CUPA members.

Appreciation is given to those whose contributions enabled CUPA's commitment to provide this survey to be realized. Recognition and thanks are given to the Ad Comp Survey Advisory Committee, Kirk D. Beyer, University of Nebraska-Lincoln, Chair; Kathleen Donofrio, Loyola College in Maryland; Gary Maki, University of Michigan; and Kathleen Mandell, California State University-System; the production group at The Brookings Institution, particularly Robin Donaldson; and the CUPA staff headed by Lourie W. Reichenberg and Susan E. Cipollini.

INTRODUCTION

CUPA's annual *Administrative Compensation Survey* is designed to provide the most comprehensive and up-to-date salary data available for college and university administrators. With human resource costs ranging from 65 to 85 percent of operating expenditures in our colleges and universities, it is essential for this investment to be managed in the most effective manner possible. To meet that objective, the 1991-92 *Administrative Compensation Survey* provides a broad range of salary data to enable decision makers to evaluate their current pay levels and plan their compensation budgets appropriately.

The 1991-92 *Administrative Compensation Survey* marks the fifteenth year that CUPA has conducted this survey on an annual basis. Selection of surveyed positions is based on an analysis of the administrative positions common to most higher education institutions. The positions are reviewed annually by the Administrative Compensation Survey Advisory Committee and other higher education associations. This year's survey reports data on 167 of these positions.

With each survey we learn more about the salary information requirements of higher education and consequently, appropriate modifications are made to improve the methods of collecting data and presenting the results. We believe that annual refinements in the survey better serve the needs of CUPA members in particular, and higher education in general. To that end, we invite your suggestions for improved collection and reporting of salary data.

Cautionary Note: The General Tables include data from all reporting institutions and should be used only to obtain a broad overview of position salaries. For comparative analyses between positions or among institutions, consult the Comparative Tables. More specific data to meet the specialized requirements or preferences of an institution is available through customized reports. (See Special Study Information on page xiv and in Appendix B.)

PROFILE OF PARTICIPATING INSTITUTIONS

Survey questionnaires were sent to approximately 3,400 higher education institutions, of which 1,438 responded by the deadline date of October 1, 1991. This gave a 42 percent response rate which is in line with the response for previous years. The alphabetical list of respondents that appears in Appendix A indicates each institution's classification, source of financial support, system affiliation, and state in which they are located. The charts on this page identify survey respondents by institutional class and source of support.

SURVEY METHODOLOGY

The survey questionnaire was mailed in August, 1991 to all higher education institutions. This questionnaire, along with a letter of invitation, was mailed with a requested return date of October 1, 1991. Instructions for reporting the data and summary descriptions of the 167 positions for which data were sought accompanied the questionnaire. Appendix E contains the survey form and instructions along with the summary position descriptions.

To ensure the confidentiality of the data, the staff of The Brookings Institution in Washington, D.C. processed the report from receiving the surveys, to data entry, and finally compilation of the tables and graphs using SPSS-X, a statistical software package. This information was then given to CUPA where the survey was produced in the format that you see here.

DEFINITIONS AND GENERAL CHARACTERISTICS

Data Specifications

Respondents were asked to observe the following specifications in reporting their data:

- Salaries are those in effect during the fall of 1991.
- Salaries are at an annualized, full-time rate; they reflect only actual cash earnings, excluding any services contributed without charge.
- Enrollment and budget figures are for the operating year 1991-92.
- Enrollment is stated in terms of equivalent full-time students.
- Budgets include amounts for current educational and general operations, including research funds but excluding capital funds. Budgets do not include amounts for student aid, auxiliary enterprises such as hospitals, service departments, and similar activities.

Percentile Range

Salary data shown on the basic tables in this report indicate the median and the percentile range for each position.

- The MEDIAN is the middle value in an array of all salaries for the position; half of the salaries are lower than the median and half are higher. The median is considered a more reliable measure than the mean/average because it is not skewed by extremely high and low salaries as is the mean.
- The 20th percentile indicates the salary level that 20 percent of all reported salaries either equal or fall below.
- The 40th percentile indicates the salary level that 40 percent of all reported salaries either equal or fall below.
- The 60th percentile indicates the salary level that 60 percent of all reported salaries either equal or fall below.
- The 80th percentile indicates the salary level that 80 percent of all reported salaries either equal or fall below.

1991-92 SALARY INCREASES

For the positions surveyed in 1991-92, the percentage increase in median salaries by institutional classification, source of support, and job family are shown on the following charts. Increase figures are given for the survey years 1988-89 through 1991-92 so comparisons can be made. The overall increase for 1991-92 was 2.6 percent.

According to the chart below, the rate of increase from 1990-91 to 1991-92 was lower than in previous years for all institutional classifications. The results of this survey indicate that the highest increase in salaries occurred in the general baccalaureate institutions at 3.0 percent. Salary increases were seen in doctoral institutions and comprehensive institutions at a rate of 2.3 percent and 1.6 percent, respectively. The increase in two year institutions was .8 percent which was the lowest increase reported.

% MEDIAN SALARY INCREASE COMPARISON

(By Institutional Class)

When examining the median salaries by source of support, the percentage increases from 1990-91 to 1991-92 were lower than in previous years for all support types, which is consistent with the other findings. From 1990-91 to 1991-92 increases were 3.1 percent for public institutions, 3.0 percent for private institutions, and 2.6 percent for all institutions.

Increases were seen in 1991-92 median salaries when results were analyzed by position type, but were at a lower rate than in past surveys. Across all positions, those increases were 2.4 percent for executive positions, 3.1 percent for academic positions, 2.3 percent for administrative positions, 3.2 percent for external affairs positions, and 2.2 percent for student affairs positions. The highest increase in salaries occurred in the academic and external affairs positions.

SPECIAL STUDY INFORMATION

The survey tables summarize the compensation data that have been found to be of greatest interest and value to the majority of participants. However, the data base from which these tables were developed can provide a great deal of additional information. CUPA uses this data to formulate salary survey information to meet the specialized requirements or preferences of a particular institution.

Customized reports can be provided on:

- Any group of named institutions selected from the list of respondents (provided that at least eight institutions are included to maintain confidentiality of information). Data are not identified by institution.
- Demographic characteristics alone or in combinations, including: budget, enrollment, faculty size, staff size, institutional type, source of support, and system structure.
- Institutions within a given geographic region or state.

In effect, any of the institutional characteristics reported in the survey questionnaire may be used to sort the desired information—individually or in any combination. All results are accompanied by a list of the respondents that were selected to provide the sample data. These reports can be ordered throughout the year by using the form on page 99.

Other uses of data requiring manipulation and display techniques are possible. Such specialized needs should be discussed with CUPA national office staff at (202) 429-0311, Ext.18.

1991-92 SALARY COMPARISON WORKSHEET

As part of the 1991-92 survey report a sample Salary Comparison Worksheet has been included (see Appendix D). This worksheet may be used to compare institutional salaries with survey salaries through calculation of a salary comparison percentage ratio for individual positions, families of positions, and all positions in the organization. Calculated salary comparisons of specific colleges and universities may be requested as a Special Study through the CUPA national office. Questions regarding the worksheet may also be directed to the CUPA office.

APPENDIX D

SALARY COMPARISON WORKSHEET

This worksheet is designed to facilitate comparison of institutional and survey salaries for positions in the survey groups. Positions to be compared should be listed in the appropriate position categories along with the corresponding 1991-92 salaries paid by your institution. CUPA salaries should be listed from the comparison table which most nearly matches the size and type of your institution. (GENERAL TABLES SHOULD NOT BE USED.) The Comparison Percentage is then calculated by dividing Institutional Salary by the CUPA Survey Salary. Institutions desiring comparison with a specific group of colleges or universities may request this comparison as a Special Study by contacting CUPA at 1233 20th St., N.W., Suite 503, Washington, D.C. 20036, (202) 429-0311, Ext. 18.

INSTRUCTIONS

PLEASE RETURN ONLY THE COMPLETED QUESTIONNAIRE BY **OCTOBER 1, 1991** IN THE ENCLOSED SELF-ADDRESSED ENVELOPE. DUE TO THE NATURE OF THE DATA DO NOT FAX YOUR RESPONSE. IF YOU HAVE ANY QUESTIONS, PLEASE CALL CUPA AT (202) 429-0311, EXT. 18. DO NOT CALL THE BROOKINGS INSTITUTION.

I. GENERAL

1. Make sure this questionnaire packet includes instructions, a listing of survey position descriptions, and a questionnaire form.
2. To make your task easier, read all instructions first, then detach questionnaire and fill it out using the instructions as a guide.
3. Please read position descriptions before completing the questionnaire. Do not rely on titles only.
4. An identification label is attached to the top of page one of the questionnaire **ONLY** if your institution participated in either the 1989-90 or 1990-91 surveys.
5. PRINT or TYPE all information.
6. Do not use abbreviations.
7. If the position is vacant, please enter "V" and the minimum salary (if known) at which you are currently advertising/recruiting.
8. **Return only the questionnaire form.** Do not attach extra pages. Please be sure to keep a copy of the completed questionnaire for your files.

II. INSTRUCTIONS ON INSTITUTIONAL IDENTIFICATION QUESTIONS (Please make sure that you correctly answer all institutional identification questions. This section is vital for accurate input.)

Note: If your institution participated in the 1989-90 or 1990-91 survey, there will be an identification label attached to the top of page one of the questionnaire. Please fill in sections 1, 3, 4, and 5 only if changes are to be made to the label information.

1. **FICE Identification Code** (Federal Interagency Commission on Education) - Please fill in your institution's FICE Code. Please check to make sure that the Code you provide is correct. This identification code, unique to each institution, is an unstructured number used for statistical identification purposes. Refer to the *HEP Higher Education Directory* if you are not sure of the correct FICE Code. If you do not have access to this directory or do not know the correct FICE Code, please leave blank.
2. **Name of Respondent** - Please provide your own name, title, and telephone number.
3. **Address** - Fill in your institution's full name and address including city, state and zip code.
4. **Source of Support** - Indicate whether your institution is public, private and religious-group affiliated, or private and independent.
5. **Reporting For** - Indicate whether the data you report is for personnel primarily associated with a single institution, an administrative office of a system (all campuses), a main campus heading a system, or a campus within a system. (Important note: If you check "administrative office of a system," please provide systemwide figures for the four parts to Question 6. If you check "single institution," "main campus heading a system" or "campus within a system," provide individual campus figures in Question 6.
6. **Size Measures** - Provide four answers, one for each space, indicating your institution's total full-time equivalent student enrollment, faculty, administrative staff (i.e., Executive, Administrative, Managerial, and Professional as defined by EEO categories 1 and 3), and total operating budget. Total operating budget includes the total institutional budget used for current educational and general operations including research funds but excluding capital funds.

III. SURVEY POSITION INSTRUCTIONS

GENERAL. The positions chosen for the Survey are typical for college and university operations. If you are unsure about the identification of any position, please refer to the "Summary of Position Descriptions" that follow. If the position is currently vacant, enter "V" and the minimum salary (if known) at which you are currently advertising/recruiting. If you do not have a comparable position, leave blank. If a person holds more than one position title, do not report his/her salary twice, but report the salary under the position that best fits the description.

APPENDIX E

Do not add any positions on the questionnaire nor attach extra pages. If you have any comments or suggestions on the positions or would like certain positions added, please write a separate letter to the CUPA Administrative Compensation Survey Committee in care of the CUPA National Office, 1233 Twentieth Street, NW, Suite 503, Washington, DC 20036.

Do not indicate data for a position that is less than 50% time. Report all salaries based on 100% effort (Annualized Salary). Report only current information despite the possibility of future or pending salary changes. For institutions which have several incumbents holding the same titled position, please **average** those salaries and do not report data on internal/external promotion, sex and minority status. Do not put salary figures in for each incumbent holding the position.

ANNUALIZED SALARY. Indicate the full-time annualized salary for each position. Report all salaries full-time (100%) effort. For example: your registrar works part-time, 50% for 12 months a year for a salary of \$10,000. For the purposes of the Survey enter \$20,000 as the annualized salary.

REPORTING RELATIONSHIP. Please show by each code number from the Survey (each position has a separate code number) the senior position to which each position reports. For example, the Director of Affirmative Action/Equal Employment is position number 30700. If that person reports to the Chief Personnel/Human Resources Officer, position number 306.00, you would write 306.00 in the reporting relationship column next to Director of Affirmative Action/Equal Employment. Please leave blank the reporting relationship column if the person in a position does not report to a higher position (e.g., Chief Executive Officer of a System does not report to a higher position).

YEARS OF SERVICE IN PRESENT POSITION. Indicate the number of years that the incumbent has served in this position. Round to the next highest year, using six months as your guide. For example, 1-6 months = 0 years; 7 to 12 months = 1 year; and 5 years, 2 months = 5 years.

HIRE. The Survey asks whether the person presently occupying each position was promoted or transferred from inside or hired from outside your institution. Circle the "I" if the individual moved to the job from another job within your institution, or circle "O" if recruited from the outside.

SEX. Indicate by circling "M" (male) or "F" (female) the sex of the person currently serving in each position.

MINORITY. Indicate by circling "Y" (Yes) or "N" (No) whether the person serving in each position is a minority member. A minority for Survey purposes is defined as Black/Afro-American/Negro; Native American/American Indian; Asian American/Oriental; Hispanic American.

**PLEASE RETURN THE COMPLETED QUESTIONNAIRE
BY OCTOBER 1, 1991.**

FOR YOUR CONVENIENCE, A SELF-ADDRESSED ENVELOPE IS ENCLOSED.

NOTE: YOUR TIMELY RESPONSE IS GREATLY APPRECIATED.
THE OCTOBER 1 RETURN DATE WILL NOT BE EXTENDED.

**1991-92 ADMINISTRATIVE COMPENSATION SURVEY
SUMMARY POSITION DESCRIPTIONS**

Please review these summary position descriptions before entering compensation figures to ensure reasonable comparability of survey data. When the differences between the summary description and the duties actually performed in the responding institution are substantial, or simply do not apply, no data should be reported. Please note: For purposes of this survey, "Associate" is used to denote second in command. "Assistant" is used to denote positions with program responsibility. Combined responsibility positions such as Director of Personnel and Affirmative Action or Director of Admissions and Financial Aid are listed here the same as individual positions. If you have comments or suggestions on the positions, please write a separate letter to the Administrative Compensation Survey Committee in care of the CUPA national office.
